SUPPLEMENT to the January 1951 issue of the

AMERICAN Gas Journal

56469

Index to Volumes 172 and 173—1950

Authors

	Issue	Page
ADAMS, B. C.—Higher operating costs related to rates: management explains its viewpoint..	June	17
ARMSTRONG, EARLE N.—Natural gas in transit: Metering and regulating for quantity control.	Apr.	17
BEHLING, BURTON N.—Shifting FPC viewpoint obscures Intent of natural gas act:		
Part 1	Feb.	13
Part 2	Mar.	21
BOYD, A. M.—Familiarization course orients new employees	Aug.	15
BUSSARD, R. H.—Conversion creates operating problems	Nov.	13
CURRENS, JAMES E. C.—Installing services on production line basis:		
Part 1	Apr.	10
Part 2	May	42
CUTHRELL, HUGH H.—Year end review reveals new highs	Jan.	21
DAVIS, R. D. AND STEEN, D. M.—Outdoor meter settings standardized	Mar.	19
DIBLE, ADRIAN E.—Training program for distribution and service men	Feb.	29
DYE, GORDON G.—Meter performance under extended period change	May	27
EDDINS, H. A.—Civic appreciation marks Laclede conversion	May	22
ELDER, JAMES L. AND FIES, MILTON H.—Underground gasification of coal	July	15
FALVEY, JOHN F.—Backlog of new issues is building up	Sept.	30
—Common stocks safe for savings banks	Nov.	29
—Common stocks may save American colleges	Apr.	32
—Competitive bidding plan of FPC raises financial questions	Mar.	30
—Facts required by present-day stockholders	Feb.	26
—Five 'packages' of stock offered investors.	Feb.	26
—Local ownership of public utilities on upswing	Aug.	28
—Management must have money	July	30
—1950 will have its financial problems	Jan.	26
—Northwest hopes for natural gas from Alberta reserves	May	14
—Pension funds offer new source of money.	Apr.	30
—Stockholders want to know everything	May	48
—Survey shows state commission trend toward 'fair value' rate bases	Oct.	18
—Utilities, customers and investors interested in eastward expansion of natural gas	Jan.	26
FIES, MILTON H. AND ELDER, JAMES L.—Underground gasification of coal	July	15
FRITZ, CHARLES L.—Distribution systems face overload in changeover period	July	19
GALLY, SIDNEY K.—Coupling dissimilar metals adds to corrosion problems	Apr.	21
GINNA, ROBERT E.—New England—natural gas frontier, rate-wise and otherwise	Apr.	33
GORDON, COL. W. R.—Gas market opens up in South Africa	June	22
HAVENER, C. L.—Collecting money with tact and understanding	Dec.	23
HENRY, HALL M.—Interchangeability ranges are best determined by experiment:		
Part 1	Oct.	27
Part 2	Nov.	31
HENRY, GUY I.—Higher operating costs related to rates: Increased operating costs problem is solvable	June	20
HEPBURN, W. M.—Industrial gas furnaces	Sept.	28
HERRMAN, WALTER J.—Higher operating cost related to rates: Sound rate structure is top need of gas business	June	18
HESS, FREDERIC O.—Fuel cost means little in industrial economy	Nov.	36
—Gas serves as both tool and fuel in heat processing operations	Feb.	16
HILT, LUIS—Chronology of the natural gas industry	May	29
HOBSON, STANLEY H.—Manufacturers expect 20 per cent increase	Jan.	23
HORSFIELD, S. W.—Experiences in reforming gases	June	23
—Hydrocarbons reformed by Long Island Lighting	Oct.	39
HOWELL, FRANK D.—Complete replacement of natural gas	July	23
HYDE, MARSHALL—Natural gas odorizing for systems planning to convert	Mar.	15
IRELAN, S. B.—Winter heating creates supply problems	Jan.	17
ISAACS, W. H. AND PAQUETTE, R. B.—Automatic control system governs sendout	July	28
JANNEY, DR. J. ELLIOTT—Psychology is top tool for management	Apr.	27
JEFFERIES, ROBERT S.—Dehydration ends storage field withdrawal freeze-ups	Nov.	10
JOHNSON, GEORGE B.—Two stage changeover	Jan.	29
JONES, W. PAUL—Manufacturer's name means much	June	31
LANDIS, GEORGE H.—Natural gas line crosses Hudson River	Aug.	11
LAUDERBAUGH, A. B.—Galvanic corrosion	Dec.	26
MACKIE, D. M.—New industrial development pattern	Oct.	23
MADEHEIM, HUXLEY—Continuous gas generator shows promise	Jan.	8
—Dust collector for water gas sets shows high efficiency	Aug.	21
McGOURTY, JAMES H.—Eight labor contract settlements are made	May	21
—NLRB says who's who in voting	Jan.	11
—Pension plans:		
Part 1: Issues pose problems	June	14
Part 2: Trust fund method for financing problem	July	11
Part 3: Insurance companies offer three methods of financing	Aug.	26
MILLER, P. H.—Natural gas in transit: Standards and methods of quality control	Apr.	16
MILNER, H. W.—Utilities' responsibility to upgrade heating installations	Oct.	35
MITCHELL, GEORGE F.—Therm rate and promotional rates for natural gas	Sept.	21
MORRIS, W. REED—The coke oven in war and peace	Dec.	19
PAQUETTE, R. B. AND ISAACS, W. H.—Automatic control system governs sendout	July	28
PARKER, LEO T.—Contributory negligence	Oct.	42
—Court decisions on rates, labor, and liability	Aug.	32
—Decisions clarify liability for injury in vehicle operation	Jan.	34
—Decisions in gas explosion liability	Feb.	31
—Law of eminent domain	July	31

	Issue	Page
—Legal decisions on cutting off service	May	24
—More decisions on explosion liability	Mar.	33
—Sellers may recover expected profits in breach of contract cases	Nov.	27
—State compensation insurance protects public utilities	Sept.	29
POE, E. HOLLEY—Inter-industry fuel policy needed as bar to regulation	July	14
POE, ROBERT M.—Calculations show economy of reciprocating compressor use	May	19
RICHARDSON, H. K.—Laboratory burners need special attention during changeover	Jan.	12
—Problems presented by ceramic burners when converting to natural gas	Mar.	26
ROBINSON, J FRENCH—Blueprint for chaos?	July	13
ROGAN, BERNARD F. AND TURPISH, JOSEPH V. —Humidifying and oil fogging experience	Dec.	31
ROHMAN, ARTHUR—Employee suggestion and field observation pays dividends	June	29
—Long radius ells will aid cleaning operations	Jan	19
—Metallizing method of holder protection	Mar.	17
SCHLEGEL, C. A.—Cyclic catalytic reforming process for natural gas	Feb.	19
SCHULTZ, WAYNE H.—Reconditioning steel mains.	Oct.	29
SMITH, WILLIAM M.—Test determines effect of new load on laterals	Oct.	37
SPINK, L. K.—Gas orifice meter. Part 1	Dec.	10
STEEN, D. M. AND DAVIS, R. D.—Outdoor meter settings standardized	Mar.	19
STOOKEY, K. W.—High Btu oil gas fits interim use and standby	Aug.	18
STRADER, ROLAND H.—Con-Edison increases water gas capacity	Feb.	10
TAYLOR, ELLIOTT—Load balancing: Prerequisite to house heating *See also—Editorials*	Sept.	16
TURPISH, JOSEPH V. AND ROGAN, BERNARD F. —Humidifying and oil fogging experience	Dec.	31
WEEKS, HOWARD F.—Natural gas knocks at southeastern doors	Mar.	10
WHITING, JUSTIN R.—Michigan's growth helps gas sales	May	28
WOLFE, KENNETH R. D.—Pressure control steps up system capacities	May	38
YOUNG, HAROLD H.—Favorable financial front for gas industry	May	25

Subjects

Advertising:		
PUAA Announces Advertising Winners	June	28
Selling Idea of the 'Gulf South'	May	17
Appliances:		
Utilities' Responsibility to Upgrade Heating Installations—H. W. Milner	Oct.	35
Associations:		
AGA Announces Convention Program	Aug.	23
Aspects of Natural Gas Are Presented at NEGA Meeting	Apr.	30
Attendance of 825 at Distribution Conference	May	18
Grass Roots View of Future at AGA Convention	Nov.	17
Natural Gas Meeting Attracts 850	June	30
New Jersey Gas Association Convention	Oct.	38
1200 Attend Annual Meeting of Southern Gas Association	May	55
PCGA Meeting at Seattle	Sept.	32
PUAA Announces Advertising Winners	June	28
Production and Regulation Discussed at Independent Association Meeting	Dec.	34
Book Reviews:		
Gas Producers and Gas Furnaces—Wilhelm Gumz	Dec.	43
Mineral Industries Education—Edward Steidel	Nov.	47
Modern Refractory Practice	Dec.	43
Natural Gas and Natural Gasoline—R. L. Huntington	June	32
Natural Gas Economics—Joseph A. Kornfeld	June	32
Burners Ceramic:		
Problems Presented by Ceramic Burners During Conversion—H. K. Richardson	Mar.	26
Coal Gasification:		
Underground Gasification of Coal—Milton H. Fies and James L. Elder	July	15
Coke Ovens:		
The Coke Oven in War and Peace—W. Reed Morris	Dec.	19
Compressors:		
Calculations Show Economy of Reciprocating Compressor Use	May	19
Conversion:		
Civic Appreciation Marks Laclede Conversion —H. A. Eddins	May	22
Conversion Creates Operating Problems—R. H. Bussard	Nov.	13
Distribution Systems Face Overload in Changeover Period—Charles L. Fritz	July	19
Laboratory Burners Need Special Attention During Changeover—H. K. Richardson	Jan.	12
Problems Presented by Ceramic Burners During Conversion—H. K. Richardson	Mar.	26
Two Stage Changeover—George B. Johnson	Jan.	29
Corrosion:		
Coupling Dissimilar Metals Adds to Corrosion Problems—Sidney K. Gally	April	21
Galvanic Corrosion—A. B. Lauderbaugh	Dec.	26
Metallizing Method of Holder Protection—Arthur Rohman	Mar.	17
Dehydration:		
Dehydration Ends Storage Field Withdrawal Freeze-ups—Robert S. Jefferies	Nov.	10
Distribution:		
Distribution Systems Face Overload in Changeover Period—Charles L. Fritz	July	19
Gas Dispatching by Telemeter and Remote Control	July	24
Installing Services on Production Line Basis—James E. C. Currens		
Part 1	Apr.	10
Part 2	May	42
New Nerve Center for Control of Operations	Apr.	14
Pressure Control Steps Up System Capacities —Kenneth R. D. Wolfe	May	38
Reconditioning Steel Mains—Wayne H. Schultz	Oct.	29
Test Determines Effect of New Load on Laterals—William M. Smith	Oct.	37
Editorial: Elliott Taylor		
Competitive Demonstration	Dec.	9
Contribution to Chaos	Feb.	9
Customer Priorities	Sept.	15
Demand Charge for Heating	Mar.	9
Dream's End	Jan.	7
Field Price Regulation	Aug.	9
Final Frontier	Dec.	9

Employees:		
Employee Suggestion and Field Observation Pays Dividends—Arthur Rohman	June	29
Familiarization Course Orients New Employees A. M. Boyd	Aug.	15
New Consolidated Edison Contract with Union Includes Pension Agreement	Apr.	31
Training Program for Distribution and Service Men—Adrian E. Dible	Feb.	29
Psychology Is Top Tool for Management—J. Elliott Janney	Apr.	27
Financial:		
Backlog of New Issues Is Building Up—John F. Falvey	Sept.	30
Common Stocks May Save American Colleges—John F. Falvey	Apr.	32
Common Stocks Safe for Savings Banks—John F. Falvey	Nov.	29
Competitive Bidding Plan of FPC Raises Financial Questions—John F. Falvey	Mar.	30
Facts Required by Present-Day Stockholders—John F. Falvey	Feb.	26
Favorable Financial Front for Gas Industry—Harold H. Young	May	25
Five 'Packages' of Stocks Offered Investors—John F. Falvey	Feb.	26
Index of Yields	Jan. Feb. Mar. Apr. May June July Aug. Sept. Oct. Nov. Dec.	27 27 31 32 48 33 30 30 30 41 29 33
Local Ownership of Public Utilities on Upswing John F. Falvey	Aug.	28
Management Must Have Money—John F. Falvey	July	30
1950 Will Have Its Financial Problems—John F. Falvey	Jan.	26
Old Age Security Demands Sound Foundation	Jan.	18
Pension Funds Offer New Source of Money—John F. Falvey	Mar.	30
Pension Plans—James H. McGourty		
Part 1: Issues Pose Problems	June	14
Part 2: Trust Fund Method for Financing Problem	July	11
Part 3: Insurance Companies Offer Three Methods of Financing	Aug.	26
Stockholders Want to Know Everything—John F. Falvey	May	48
Utilities, Customers and Investors Interested in Eastward Expansion of Natural Gas—John F. Falvey	Jan.	26
Humidifying:		
Humidifying and Oil Fogging Experience—Bernard F. Rogan and Joseph V. Turpish	Dec.	31
Industrial:		
Fuel Cost Means Little in Industrial Economy—Frederic O. Hess	Nov.	36
Gas Serves as Both Tool and Fuel in Heat Processing Operations—Frederic O. Hess	Feb.	16
Interchangeability:		
Complete Replacement of Natural Gas—Frank D. Howell	July	23
Interchangeability Ranges Are Best Determined by Experiment—Hall M. Henry		
Part 1	Oct.	27
Part 2	Nov.	31
Labor Relations:		
Court Decisions on Rates, Labor and Liability—Leo T. Parker	Aug.	32
Eight Labor Contract Settlements Are Made—James H. McGourty	May	21
NLRB Says Who's Who in Voting—James H. McGourty	Jan.	11
Recent Labor Activities Interest Management	Jan.	15
Legal: (all by Leo T. Parker)		
Contributory Negligence	Oct.	42
Court Decisions on Rates, Labor, and Liability	Aug.	32
Decisions Clarify Liability for Injury in Vehicle Operation	Jan.	34
Decisions on Gas Explosion Liability	Feb.	31
Law of Eminent Domain	July	31
Legal Decisions on Cutting Off Service	May	24
More Decisions on Explosion Liability	Mar.	33
Sellers May Recover Expected Profits in Breach of Contract Suits	Nov.	27
State Compensation Insurance Protects Public Utilities	Sept.	29
Load Balancing:		
Load Balancing: Prerequisite to House Heating—Elliott Taylor	Sept.	16
Metering:		
Gas Orifice Meter—L. K. Spink Part 1	Dec.	10
Natural Gas in Transit: Metering and Regulating for Quantity Control—Earle N. Armstrong	Apr.	17
Meter Performance Under Extended Periodic Change—Gordon G. Dye	May	27
Outdoor Meter Settings Standardized—D. M. Steen and R. D. Davis	Mar.	19
Mixing:		
Automatic Control System Governs City Send-out—W. H. Isaacs and R. B. Paquette	July	28
Natural Gas:		
Aspects of Natural Gas Are Presented at NEGA Meeting	Apr.	30
Chronology of the Natural Gas Industry—Luis Hilt	May	29
Cyclic Catalytic Reforming Process for Natural Gas—C. A. Schlegel	Feb.	19
Natural Gas and Gas from Liquid Fuels	Sept.	27
Natural Gas Invades Knoxville	July	32
Natural Gas Knocks at Southeastern Doors—Howard F. Weeks	Mar.	10
Natural Gas Line Crosses Hudson River—George H. Landis	Aug.	11
New England—New Natural Gas Frontier—Robert E. Ginna	Apr.	33
New England to Receive Natural Gas from Two Companies	Dec.	17
Northwest Hopes for Natural Gas from Alberta Reserves—John F. Falvey	May	14
